

HELLO AGAIN

VOL. 20 NO. 1

JAN-FEB 1989

A PERSONAL NOTE: Many thanks for all the nice holiday cards and good wishes for Karen and myself...I have just written a book on teaching piano with the emphasis on how to play popular music. This 200 - page book comes with a songbook of 200 songs. It is best used by a student under the guide of a piano teacher but can be used by older students alone.

REMINISCING: On January, 1970, my first "catalog" of 105 shows was issued using a purple duplicating process which was common in many schools (I taught school then). The shows included 14 Green Hornet, 4 Jack Benny and 12 Shadow. The first supplement followed in February and the second in March with a little information about myself. The April supplement had its first page titled "Comments and Tidbits." I discussed how I graded the shows and thanked the people whom I was trading with at the time. The only ones who currently subscribe are Ed Corcoran, Dave Swift and Mel Shlank. Other early traders were Dick Ayers, Don Boates, Roger Hill and Don Koehnemann. The May "Comments and Tidbits" section was a page and a half. New trading friends that month included Pat McCoy, Chuck Schaden and Bob Vito. I started mentioning clubs (Nostalgia Book club and Radio Historical Society of America.). The June supplement had no "Comments" section. **"HELLO AGAIN"** officially hit the newsstands in June. It was three pages long and free. It was Volume 1, Number 3. The main purpose of the newsletter, as stated then and now, is to write about you, the trader and collector. New traders included John Furman. The July issue had much of the information which is now in my Guide for Beginning Collectors. I started using headings which has continued. **Here and There**, which led to **Old and New Friends**, started. New friends included Dick Hayes, Fred McFadden and Bruce Ruggles. I also started asking for donations. The August issue was mimeographed. I had purchased a used mimeograph machine. Unfortunately, many of the issues for the first few years had streaks and fades due to machine problems. Covers were often drawn by various people including my son, Jeff, who, as many of my older friends now, passed away in 1982. In the September issue I started having quizzes. New friends included Raleigh Barker, Meade Frierson, Chris Lembesis, Jr. and Don Pellow. The October issue had 8 pages. New friends included Rosa Rio. The November issue mentioned Roy Bright, Ken Gackler, Howard Brenner (Mar-Bren) and Mel Simons. New friends in the December issue included John Cooper and Bill Blalock (now deceased).

Subscription was \$2.00 a year starting in April of 1971.

Today's subscription is \$10 a year for 6 issues. The format is basically the same - a lot of information under "predictable" headings. I now use a MAC SE and a local copy store. Many thanks to those old and new friends who have been with me during the years. Starting with this issue I will reprint some information from past issues.

CONVENTION '88: Soon after the convention I visited Bob Steele, morning man on WTIC in Hartford. He has been with WTIC for 52 years. I presented him a special award from the FOTR.

CONVENTION '89: Full details will appear in the next issue of HA. Some details follow. Our first committee meeting was on Jan. 22nd. The dates are **October 19-21** at the Holiday Inn North, Newark. It will start on Thursday around **12 noon**. Friday will now be a full day with dealers tables running from **9 to about 4:30** and workshops starting at that time, also. The Saturday hours for dealers will still be 9 to 3. Norman Corwin and Gale Storm will be approached to be two of our guests. Our theme will be Radio and the War Years. Doris Milberg is thinking of doing a panel on War News with newscasters as guests. Gary Yoggy is thinking of doing a related workshop of radio during the war years emphasizing its patriotic and propagandistic role. Jack French has offered to do a workshop on radio traitors of WWII. Also the Dave Warren players will perform. All suggestions will be considered. Please send them to me. Also, if you wish to help, run a workshop, etc., please let me know.

The shows are from 1945-47. Dick and Ken Greenwald, his associate, spent many months getting the clearance to release the shows. In 1987, the above album was released. The album was so successful that Simon and Schuster released the album on audio cassette. It sold so well that 26 more cassettes are being produced for their books on cassette market. In the spring of 1989, American Express will be releasing this series to their cardholders. The series will also be sold in Walden Books, B Dalton, Crowns Books and many other book and record stores. Many people involved with the Sherlock Holmes series introduce each cassette with stories about doing live radio. Some people used are Ben Wright, Glenhall Taylor, Phyllis White, Mary Green, Harry Bartel, Peggy Webber and others. Other projects planned include: 1. Starting in May doing mini dramas with many Sherlockian characters introducing the shows. They will be done with original radio actors, sound effects, etc. 2. Adapting many radio plays to short stories. These will be available from Bantam Books in the early summer of this year. My congratulations to some very ambitious and rewarded projects.
